ROOTED TREE

A tree is called **rooted** if it has a specially designated vertex known as root.

Generally, the root is drawn at the top of the tree and the edges incident to it are drawn in downward direction.

The slide includes a diagram of a rooted tree with a vertex labeled 'Root' at the top. Below the diagram is a small text box that says 'rooted graph is a rooted tree' and a 'Show Answer' button. The Zoom interface shows a list of participants on the right, including 'You', 'Anita', 'chandrashankar', and '140 others'. The bottom status bar shows the time as 2:53 PM and the username 'wcu-qars-ofg'.

INDUSTRIAL DESIGNS

- Makes a product look attractive & appealing to customer & may even be its **Unique Selling Point**.
- Protect the appearance of products against copying and infringement
- Adds value to product.

The slide features images of various products including water bottles, a hairbrush, a perfume bottle, and sarees. The NIPAM logo is visible in the top right and bottom right corners of the slide. The Zoom interface shows a list of participants on the right, including 'NIPAM', 'HG Divya K', 'IS - jana V', and '230 371 6005'.
