GUIDED LIBRARY HOUR AND TECHNICAL SEMINAR

Guided Library Hour and Technical Seminars are pivotal in cultivating reading culture and develop research ideas sharing with peers. The following are the various Guided Library Hour and Technical Seminar activities carried out in the institution from the academic year 2017-18 to 2021-22.

Principal

Hindusthan College of Engineering & Technology
COIMBATORE - 641 032

**Criterion II
Teaching-Learning and Evaluation**

SALIENT FEATURES OF TECHNICAL SEMINAR

“Technical Presentation” is added in the V semester

Now a day everything is getting advanced every second of time. Every day starts with something new. Whatever be the field, everything is getting advanced. Lots of researches and studies are carried out in various subjects around the world. These updates on various fields cannot be included in the student curriculum. The students have to always keep their eyes on what new things are arriving day by day. Hence students’ knowledge in the current innovative field is kindled through the technical seminars.

TECHNICAL SEMINAR EVALUATION AND ASSESSMENT

- a) A student can participate in National/International conference. If it is the case he/she has to provide the certificate and proceedings issued by the concerned authority.
- b) Also a student can give a seminar on Technical topics related to the course.

In both cases, a three member Departmental Committee constituted by Head of the Department will evaluate the presentation, report and conduct viva voce examination and award marks appropriately.

As per the curriculum the credit point is awarded for the same

Criterion II
Teaching-Learning and Evaluation

HICET – Department of Computer Science and Engineering

PROGRAMME	COURSE CODE	NAME OF THE COURSE	L	T	P	C
B.E	16CS5701	TECHNICAL SEMINAR	0	0	4	2

Course Objective

- To encourage the students to study advanced engineering developments.
- To prepare and present technical reports.
- To encourage the students to use various teaching aids such as over head projectors, power point presentation and demonstrative model.
- To promote and develop presentation skills and import a knowledgeable society.
- To set the stage for future recruitment by potential employers.

Expt. No.

Description of the Experiments

- During the seminar session each student is expected to present a topic on engineering/ technology, for duration of about 8 to 10 minutes. In a session of three periods per week, 15 students are expected to present the seminar each student is expected to present at least twice during the semester and the student is evaluated based on that. At the end of the semester, the students have to submit a report on their topic of seminars. The Report will be evaluated and marks will be given. A faculty guide will be allotted to monitor the progress of the student and also to maintain attendance.

Total Practical Hours 45

Course Outcome

- Upon completion of this course, the students will be able to
- CO1: Ability to review, prepare and present technological developments
 - CO2: Ability to face the placement interviews
 - CO3: Develops Communication Confidence skills
 - CO4: Builds Confidence
 - CO5: Utilize Technical Resources

Criterion II

CIRCULAR

All HODs are requested to follow the following method to evaluate the Technical Seminar course.

1. Mode of Assessment : Presentation

2. Rubrics for presentation :

Very Good	91 - 100	<ul style="list-style-type: none"> ➤ Excellent Clarity in presentation ➤ Clarity in subject topics ➤ Preparation of PPT covering the entire concepts
Good	71 - 90	<ul style="list-style-type: none"> ➤ Not upto the expected level of clarity in presentation ➤ Clarity in subject topics ➤ Preparation of PPT with less coverage of the concepts
Satisfactory	51 - 70	<ul style="list-style-type: none"> ➤ The presentation just meet the minimum requirement ➤ Clarity in subject topics satisfactory ➤ Preparation of PPT satisfactory
Below Satisfactory	<50	<ul style="list-style-type: none"> ➤ No Clarity in presentation ➤ No Clarity in subject topics ➤ Preparation of PPT not satisfactory
Above Rubrics to be followed for Internal/External Assessment		

3. No of Internal assessment : 2 reviews and 25 marks for each review
4. End semester review for 50 marks : External member from other department of our college (Appointed by COE)

TECHNICAL SEMINAR

Class Activity

Academic Year : 2018-19

Date: 22.06.2018

Name of the Activity: Technical Seminar

Class: III CSE B

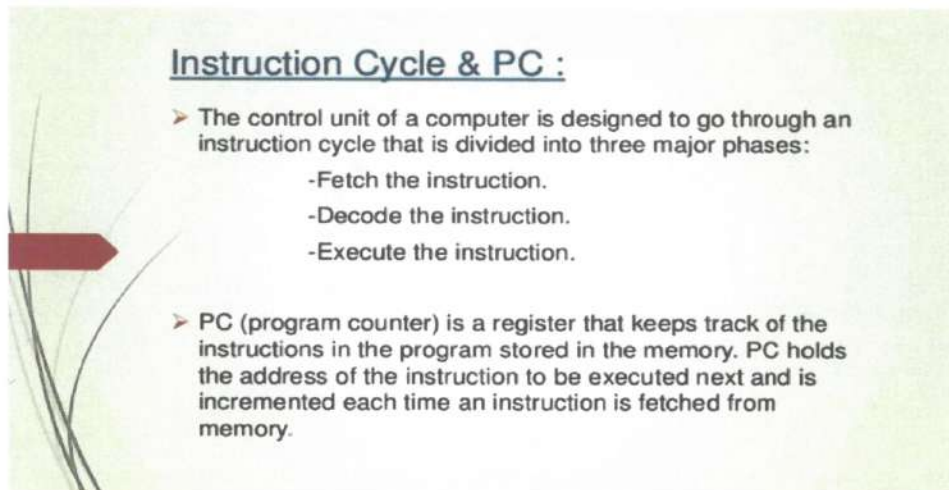

Name of the Faculty: Ms. B. Reena

Hour: 04

Subject : Technical Seminar (TS)

Topic : Addressing Modes

Presentation Screenshots

Instruction Cycle & PC :

- The control unit of a computer is designed to go through an instruction cycle that is divided into three major phases:
 - Fetch the instruction.
 - Decode the instruction.
 - Execute the instruction.
- PC (program counter) is a register that keeps track of the instructions in the program stored in the memory. PC holds the address of the instruction to be executed next and is incremented each time an instruction is fetched from memory.

Criterion II
Teaching-Learning and Evaluation

4-Register Indirect Mode:

In this mode the instruction specifies register in the CPU whose content give the address of the operand in the memory.

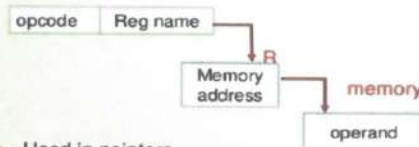

OR

The selected register contain the address of the register rather than operand itself .

for example:

MOV A , (R) → (this notation identify

R do not contain the operand it contain the address of operand)

- Used in pointers.

Criterion II
Teaching-Learning and Evaluation

Class Activity

Academic Year : 2018-19
