**Report for Workshop on Design Thinking organized / participated**

Name of the Faculty : Mrs V. Kanmozhi	
Department : MBA	Designation : Assistant Professor
Name of the Event : Workshop on Design Thinking.	
Level : College Level	
Venue / Mode : Online Mode	
No. of Days : 1 Day	Dates : 17 December 2021
Funded by : Management	
No. of Participants : 45	Registration charges (if any) : NIL
Name and Designation of Resource Person(s) :	
Ms. Ritu Shah Gupta Program Associate Shakthi – The Empathy Project (STEP)	
Outcome :	
The objective of the report was to promote women in entrepreneurship and to encourage students to come up with innovative ideas through design thinking process.	
Remarks and Feedback on the Event :	
The workshop was interactive and ways to come up with their ideas were exposed.

## CENTRE FOR FACULTY DEVELOPMENT (CFD)

Date: 24.09.2021

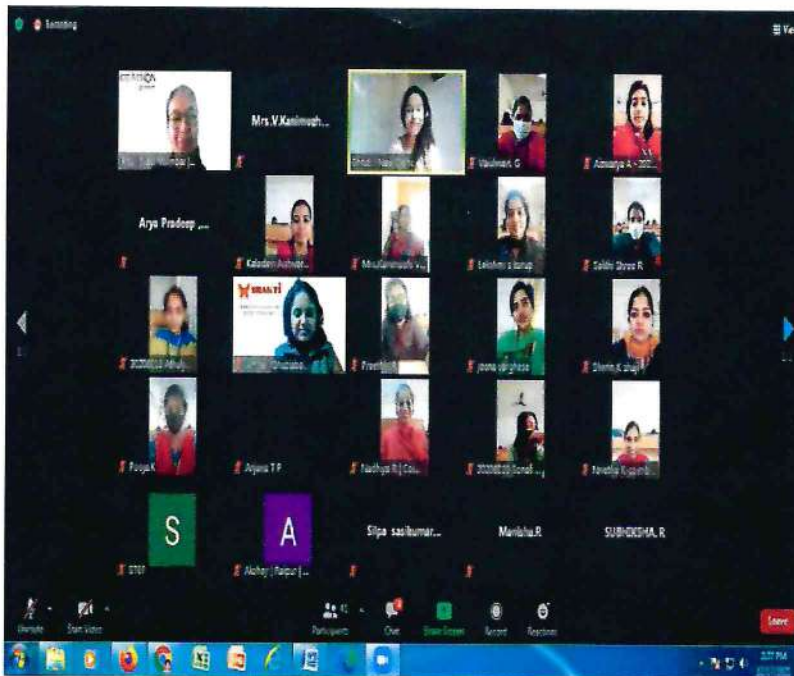

The Centre for Faculty Development in Hindusthan College of Engineering and Technology, Coimbatore conducted Workshop on Workshop on Design Thinking on 17th December 2021. **Ms Ritu Shah Gupta**, Program Associate, **Shakti – The Empathy Project (STEP)** addressed the gathering with the objective to promote women in entrepreneurship and to encourage students to come up with innovative ideas through design thinking process.

The screenshot displays a Zoom meeting window. On the left, the meeting details are listed: Meeting Topic: STEP: Design Thinking; Host: STEP; Passcode: 575405; Invite Link: <https://us06web.zoom.us/j/87417690522?pwd=NUTWZk5XK...>; Participant ID: 256764. Below the details are icons for 'Join Audio', 'Share Screen', and 'Invite Others'. On the right, a list of participants is shown, including Ms. V. Kamrishi HCEET (MC), Shridharan Datta (MC), Anshu Rajan (STEP) (Co-host), Anita (Ghanshad) (STEP) (Co-host), and several students from HCEET. At the bottom, the Zoom control bar includes buttons for Mute, Start Video, Participants, Chat, Share Screen, Record, and Leave. The system tray at the bottom right shows the time as 2:58 PM on 10/17/2021.

The speaker uttered that Women are an instrumental part of entrepreneurship and will continue to lead change for years to come. Through their ingenuity, they bring with them economic growth, innovation, creativity, and productivity. They also inspire other women and individuals to become business owners

Today's women entrepreneurs do not come only from the established business families or from the higher-income sections of the population, they come from all walks of life and from all parts of the country.

Speaker addressed about the current scenario of From running sports media firms to construction companies and security and detective agencies, women are dabbling into fields that have traditionally been bastions of male domination.

The role of women in our society has changed drastically in the past few decades and for the better. Women are now occupying the corporate positions previously regarded as masculine and are outpacing their male counterparts in some areas. The gender stereotypes which were more prevalent in the society decades ago are breaking slowly.

Women entrepreneurs tend to be highly motivated & self-directed, they also exhibit a high internal locus of control & achievement. Researchers contend that women business owners possess certain specific characteristics that promote their creativity and generate new ideas and ways of doing things.

### Report for FDP on Achievements in Aerospace material: Manufacturing, Testing and Characterization organized / participated

Name of the Faculty : R Veeramanikandan		
Department : Aeronautical Engineering	Designation : Assistant Professor	
Name of the Event : Advancements in Aerospace Materials – Manufacturing, Testing and Characterization		
Level : International		
Venue / Mode : Online Mode		
No. of Days : 5 Days	Dates : 21.01.2022 till 28.01.2022	
Funded by : Aeronautical society of India, Chennai branch & Management - Hindusthan		
No. of Participants : 426	Registration charges (if any) : NIL	
Name and Designation of Resource Person(s) :		
<b>Sl.No.</b>	<b>Session 1 (10.30 to 12.00) IST</b>	<b>Session 2 (14.30 to 16.00) IST</b>
Day 1	Name: Dr.Devendran Thirunavukarasu Designation: Founder, ST Advanced Composites, Chennai Mail: devendran.thiru@stadvancedcomposites.in	Name: Dr.Indrani Sen Designation: Associate Professor, Metallurgical and materials Engineering, IIT Kharagpur Topic: Nickel-Titanium based shape memory alloys. Mail ID: indrani.sen@metal.iitkgp.ac.in
Day 2	Name: Dr Gurusideswar S Designation: Assistant Professor, Aerospace Engineering, SRM Institute of Science and Technology, Kattankulathur Topic: High Strain Rate Characterization of Composites Mail ID: gurusids@smist.edu.in	Name: Dr. Dinesh Manoharan Designation: Manager, UCAL Aerospace  Chennai Topic: Hybrid Composite Materials and Applications Mail ID: dinesh@ucal.com
Day 3	Name: Dr. Muthu Ram Prabhu Elenchezhan Designation: Postdoctoral Research Scientist, Purdue University, USA Topic: Role of Machine Learning and Artificial Intelligence in Composite Materials Mail ID: muthuelen@purdue.edu Contact No: +1-682-227-0050	Name: Dr Sathiskumar Anusuya Ponnusami Designation: Lecturer/Assistant Professor in Aeronautics, City, University of London, UK Topic: Future of Sustainable Aviation: Multifunctional Composites and AI-driven material design hold the key? Mail ID: sathiskumar.ponnusami@city.ac.uk

Day 4	<p>Name: Dr.N. Venkateshwaran Designation: Professor, Mechanical Engineering, Rajalakshmi Engineering College, Chennai. Topic: Role of Nanoclay in Jute polymer Composite Mail ID:venkateshwaran.n@rajalakshmi.edu.in</p>	<p>Name:Dr Ammasai Sengodan Ganapathi Designation:Lecturer in Aircraft Structures, University of Salford, Manchester, United Kingdom. Topic: Hygrothermal effects on the Translaminar Fracture Toughness of Composites Mail ID:gana.ammassaisengodan@bristol.ac.uk</p>
Day 5	<p>Name:Dr Chandra Sekar Tiwary Designation: Assistant Professor, Metallurgical and materials Engineering, IIT Kharagpur. Topic: "Building smart aerospace materials using 3D printing" Mail ID: chandra.tiwary@metal.iitkgp.ac.in</p>	<p>Name:Dr J Bruce Ralphin Rose Designation: Associate Professor, Mechanical Engineering, Anna University Regional campus, Tirunelveli Topic: Bio-Inspired design, materials and characteristics Mail ID:bruce@auttlv.ac.in</p>

**Outcomes:**

1. Participants have gained lot of information about recent advancements in materials science.
2. The host department was able to establish contact with professors and researchers all around the country and world.
3. Participants were able to understand the recent research works in the areas of composites, Shape memory alloys, 3D Printing, and material testing etc.
4. The speakers have extended their support to the organisers in collaborative research and assured for long term association.

**Remarks and Feedback on the Event:**

It is a wonderful experience with the eminent speaker of the sessions and the event is organized in a very good way and it is punctual. Thanks for the great opportunity!

C.Nithiyapathi, Assistant Professor, Karpagam Academy of Higher Education.

The resource persons that identified and their lectures are very great and all the sessions delivered by the resource persons are very useful for me to enhance and apply the knowledge in my Course work. And i appreciate the whole team who are all arranged and reason for the event success.

K.SARAVANAN, ASSISTANT PROFESSOR, K RAMAKRISHNAN COLLEGE OF TECHNOLOGY.

Great work from organizers and the overall program outcome is valuable

G.Muralidharan Assistant Professor, Surya Group of Institutions.

The FDP session was superb and if possible than please organise the FDP programme on Gas turbine as well as on thermodynamics on aircraft components.

AMOL KUMAR SINGH, Instructor, Western india institute of aeronautics Pvt. Ltd.

Totally it was an effective and useful FDP... Expecting this type of useful FDPs from HCET in future...

AMAL RAJ R, Assistant Professor, ILMCET, Ernakulam.

**COIMBATORE – 641 032**

**CENTRE FOR FACULTY DEVELOPMENT**

**(*CFD*)**

**Date: 24.01.2022 till 28.01.2022**

The Centre for Faculty Development in Hindusthan College of Engineering and Technology, Coimbatore conducted FDP on Advancements in aerospace materials Manufacturing, Testing and Characterization from 24th January 2022 till 28<sup>th</sup> January 2022.

**Hindusthan College of Engineering and Technology**  
(An Autonomous Institution)  
Valley Campus, Pollachi Highway, Coimbatore – 641 032

**DEPARTMENT OF AERONAUTICAL ENGINEERING**  
In association with  
**Aeronautical Society of India (AeSI) - Chennai Branch**

**Five Days Faculty Development Program on**  
***“Advancements in Aerospace Materials - Manufacturing, Testing and Characterization”***

**Date: 24.01.2022 to 28.01.2022**

**Session 1: 10.30 am to 12.00 pm**      **Session 2: 2.30 pm to 4.00 pm**

**Platform : Google Meet**

**Dr Devendran Thirunavukarasu**, Founder, ST Advanced Composites, spoke about Development and characterization of natural fiber reinforced thermoplastic composites.

The speaker told the participants that these composite materials consist of high strength fibers such as carbon, glass and aramid, and low strength polymeric matrix.

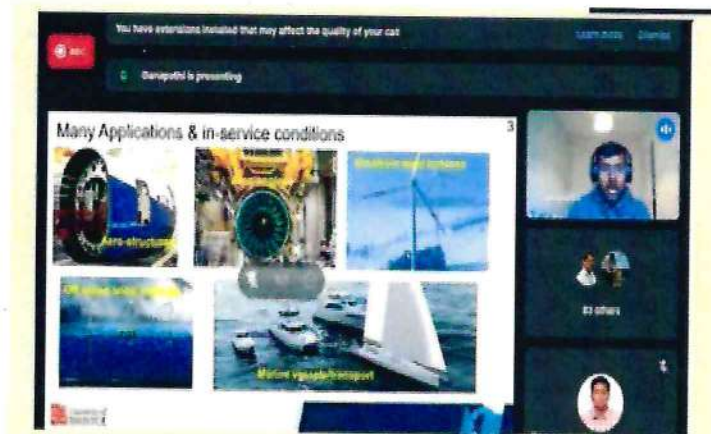

Glass fiber and carbon fiber reinforced plastics have been developed and are

being commercially used in various applications ranging from household goods, sports goods, aerospace and automobile industries, etc.

**Dr Gurusideswar S**, Assistant Professor, Aerospace Engineering, SRM Institute of Science and Technology, Kattankulathur, spoke on High Strain Rate Characterization of Composites. During high-strain-rate deformation, especially shock loading, where the rate sensitivity can lead to high stresses, jog movement is enhanced due to these stresses.

**Dr. Muthu Ram Prabhu Elenchezian** Postdoctoral Research Scientist, Purdue University, USA. He spoke about the role of Machine Learning and Artificial Intelligence in Composite Materials.

He told the participants that Machine learning can be applied for the controlled synthesis of nanoparticles with precise properties. This Review discusses different machine learning approaches for the synthesis of semiconductor, metal, carbon-based and polymeric nanoparticles, and highlights key approaches for the collection of large datasets.

**HINDUSTHAN COLLEGE OF ENGINEERING AND TECHNOLOGY**

**COIMBATORE – 641 032**

**CENTRE FOR FACULTY DEVELOPMENT**  
**(CFD)**

**Date: 09.03.2022 to 11.03.2022**

The Centre for Faculty Development in Hindusthan College of Engineering and Technology, Coimbatore in association with Rajiv Gandhi National Institute of Youth Development conducted a Training program on Personality Development and Image Enhancement from 09<sup>th</sup> March 2022 to 11<sup>th</sup> March 2022.

**Dr Babu Rangarajan**, Clinical Psychologist, AP Medical Centre and Hospital spoke on Emotion Mastery and Self Confidence. He told the participants that Emotional Mastery is the ability to identify, use, understand, and master emotions in positive ways to relieve stress, communicate effectively, empathise with others, overcome challenges, and defuse conflict.

Mr B Vinoth Kumar, Deputy General Manager, Production, L & T Electrical Automation spoke on converting Challenges to Opportunities. Mr Brighton Anb, Counselor / Facilitator Haggai Institute & Transform 4 life spoke on Branding through proper communication skills.

Mr Ravi Praksh Duraisamy, Co – Founder, The Compassact Foundation spoke on Self Care and Personal Branding. He told the participants that Personal branding is about taking responsibility over how you present yourself. If you strive to position yourself as an expert or become an influencer within your niche, self-branding can help increase your reputation as a leader.

**Date: 24.03.2022**

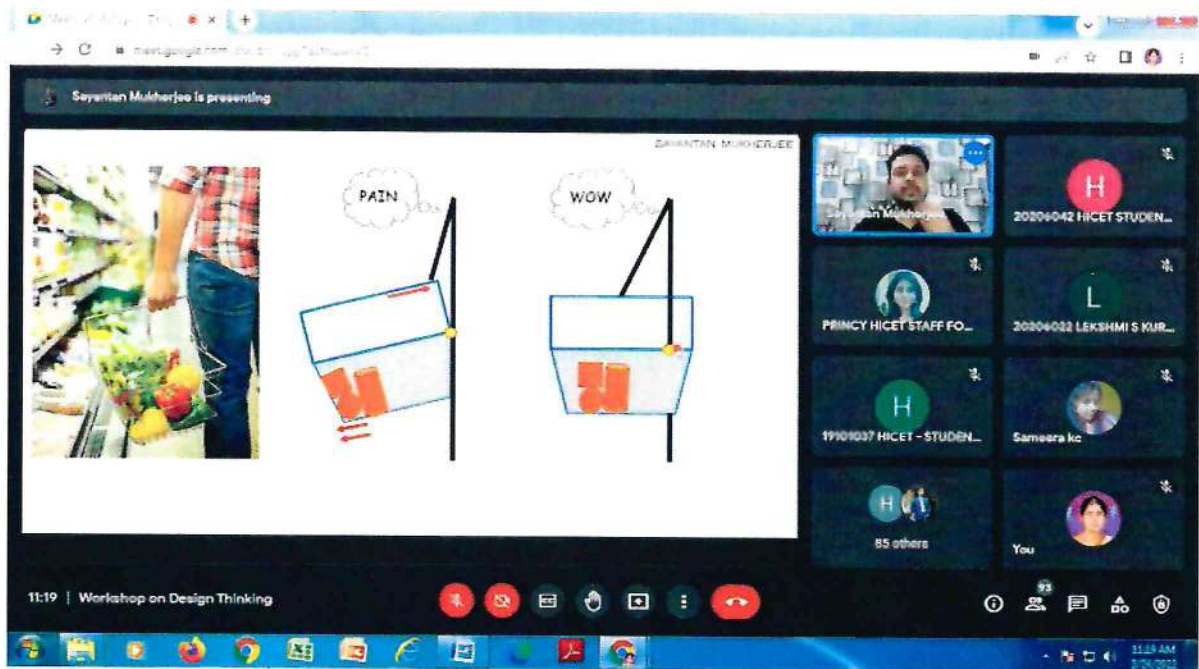

The Centre for Faculty Development in Hindusthan College of Engineering and Technology, Coimbatore conducted a Workshop on Design Thinking on 24<sup>th</sup> March 2022.

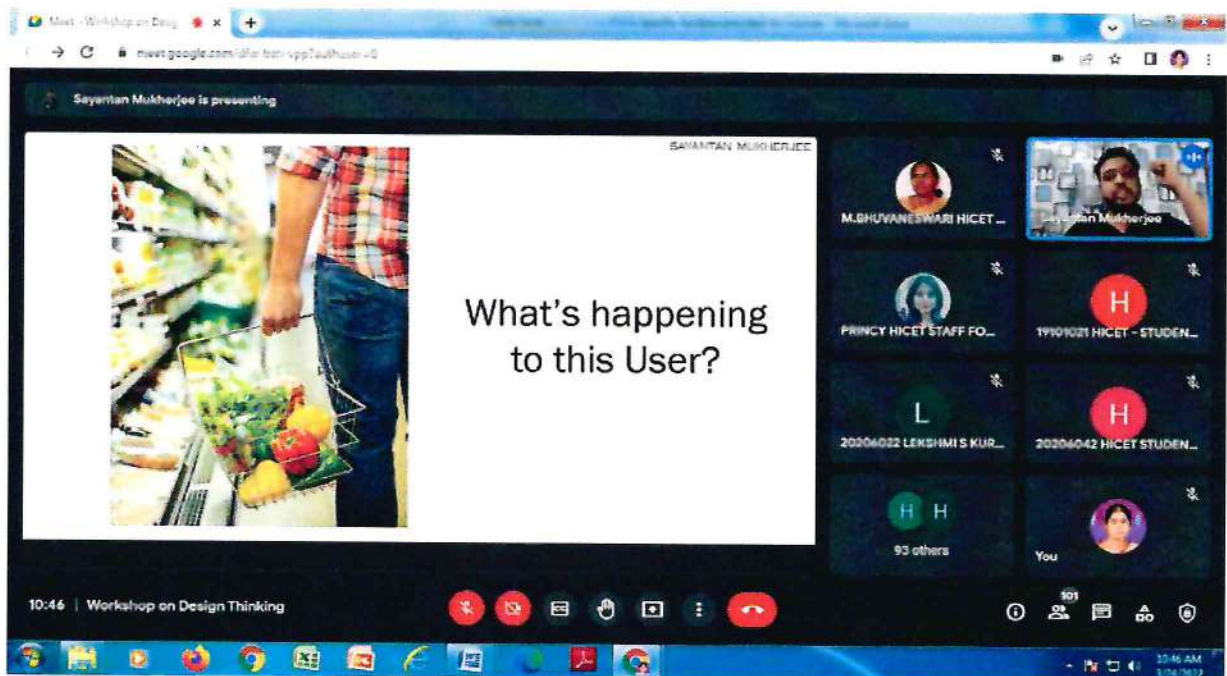

The resource person **Mr Sayantan Mukherjee**, Founder – The Innovators garage and The Hillop Ventures, explained the concept of design thinking. Empathise, Define, Ideate, prototype and validate stages of design thinking was well informed to participants through real world examples and activities.

He told the participants that design thinking is created not only because Tim Brown coined the word that became a buzzword. There's a logical reason to it. Design thinking is created because big corporation lack the ability to be creative and on extreme cases, aren't able to create new products and services that meet unmet needs of their customers.

He shared with the participants that Design Thinking approaches problems from a human perspective, with the objective of designing innovative and desirable products, services or experiences that reflect all three aspects.

Date: 11.05.2022

The Centre for Faculty Development in Hindusthan College of Engineering and Technology, Coimbatore conducted TNSCST sponsored seminar on Role of IPR in Business on 11<sup>th</sup> May 2022.

**Mr S Sivaraj**, Advocate, Intellectual Property Rights help an enterprise to get recognised and have an established identity through its 'branding strategies'. It protects its innovations, models, logos, and other artistic and literary work by various types of IPR like patent, trademark, design protection, etc.

He said, the purpose of IPR is to reward human intellect by providing exclusive rights to the creators over their inventions, artistic, musical works, etc.

The speaker told the participants that IPR protects the owner. Patents protect an invention or a technical product or process. It is unlawful for others to make, use, resell, rent out, or supply the patented object or process. The patent holder may however give others permission to do so by granting a patent licence.

**CENTRE FOR FACULTY DEVELOPMENT  
(CFD)**

**Date: 11.05.2022**

The Centre for Faculty Development in Hindusthan College of Engineering and Technology, Coimbatore conducted a seminar on Analysing and transacting financial services on 13<sup>th</sup> May 2022.

The speaker **Mr Gowtham Damotharasamy**, MBA Finance, Certified Mutual Fund Advisor, Founder - FinCliniq told the participants that Kite is a web-based platform and has a mobile application as well, available in both android and iOS platforms assuring you more features and speed than a desktop platform. It is an installable trading applications.

The Key takeaways of the Workshop..

1. A trading terminal is the user's gateway to markets. The user must know the operations of a trading terminal if you aspire to become an active trader.
2. The user can load the stock they are interested in on the market watch to track all the relevant information.
3. Some of the basic information on a market watch is – LTP, % change, OHLC, and volumes.
4. The user need to invoke a buy order form by pressing the 'B' key to buying a stock. Likewise, to sell a store, you need to gather a sell order form by pressing the 'S' key.
5. The user should choose a limit order type when you are keen on transacting at a particular price; else, you can opt for a market order.
6. An order book lets you track orders that are both open and completed. You can modify the available orders by clicking on the change button at the order book's bottom.
7. Once the order is completed, you can view the trade details in the trade book. In the case of a market order, you can view the exact trade price by accessing the trade book.
8. The user can press the F6 key to invoke the market depth or snap quote window. The market watch enables you to see bid and ask prices.
9. The bid & ask prices refer to the price you can transact. By default, the top 5 bid and ask prices are displayed in the market depth window at all times.

**Date: 29.08.2022**

The Centre for Faculty Development in Hindusthan College of Engineering and Technology, Coimbatore conducted a Faculty Development Programme on Role of Universal Human Values in Education on 29<sup>th</sup> August 2022.

**Dr V Sumathi**, Assistant Professor and Regional Coordinator, AICTE NCCIP UHV (Southern Region) addressed the gathering. She told the importance of Universal Human Values in Education.

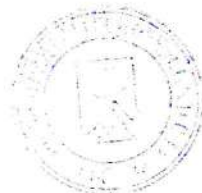

Character oriented education that instills basic values and ethnic value in one's psyche is called 'Value Based Education'. The subject that enables us to understand 'what is valuable' for human happiness is called value education.

Education is fundamental for achieving full human potential, developing an equitable and just society, and promoting national development. Their conduct depends on their world view and values

World-vision, world-view (perspective)

Values

Conduct.
