Monday Musings No. 460
1st Week - March 2023

Ms M K Deepika, BSc Visual communication
Founder – Putchi Maternity Solutions

In July 2020, the FemTech Maternity Superstore, Putchi Maternity Solutions was founded by **Ms Deepika** and her husband Thiyaagu. Putchi Maternity is a social movement that cares for women through their pregnancy, postpartum and motherhood journey, helping them to become self-confident, informed, and happy.

It all started when Ms. Deepika failed to find functional, attractive and comfortable maternity wear during her pregnancy. Finding a need for maternity care in the market, she designed a line of functional maternity wear for women who faced similar challenges and launched an exclusive maternity solutions brand called Putchi. Every problem and pain that pregnant women go through was analysed, and every Putchi product category was inspired by her real life experiences and problems. The response from hundreds of mothers was phenomenal, and they have not looked back since then. Their goal, apart from creating products customized for mothers, is to build a community of self-confident, empowered, informed women who have fun, support and help each other, and become a part of the Putchi maternity and caregiving ecosystem that is spread across the world.

Starting with woven dresses and salwar suits, they ventured into an exclusive range of intimate wear made of pure bamboo, followed by a range of personal care and hygiene products. Later on, they created a range of skin and hair care products that are organic and safe on the skin. The need for comfortable clothes to wear at home, to bed, to visit the doctor or even to just laze around, gave birth to a range of clothes made from knitted bamboo. A line of products was created to keep them on the move and helped mothers get into an active lifestyle and feel confident about their bodies.

They have been appreciated by leading industry experts and popular magazines alike for the quality of products and services. They have served more than 15000+ customers across the world. They have a physical retail store in Coimbatore and are planning to expand and franchise in 2023. They have made a revenue of Rs. 5 crores within a short period from June 2022. Their maternity solutions superstore, Femtech, is now valued at approximately Rs. 30 crores, and they plan to capture a market of 100 crores in the near future, with plans to launch 80 plus new products.

Putchi was awarded as "Lingerie Brand of the Year" by She Magazine 2022
