Message from Chief Editor

It is with great honor and pleasure that we present the newsletter, volume 12, issue 1 of department of ECE . This issue will recall the different activities in which our students and faculty members have participated. I hope this edition piques your curiosity in knowing our achievement.

VISION & MISSION

VISION

To achieve excellence in Electronics and Communication Engineering keeping pace with evolving technologies through quality education embedded with employability skills and ethical values for the betterment of society.

MISSION

DM1: To expand the frontiers of knowledge by providing an inspiring and holistic learning environment.

DM2: To develop intellectual skills towards employability by fostering innovation and creativity in learning.

DM3: To inculcate professional ethics, values and entrepreneurial attitudes addressing industrial and societal demands.

.

PROGRAM EDUCATIONAL OBJECTIVES (PEOs)

PEO1:

To prepare the graduates to solve, analyze, and develop real-time engineering products by providing a strong foundation in the fundamentals of Electronics and Communication Engineering.

PEO2:

To prepare the graduates to succeed in multidisciplinary dimensions by providing adequate training and exposure to emerging technologies.

PEO3:

To prepare the graduates to become a successful leader and innovator following ethics with a sense of social responsibility for providing engineering solutions.

PROGRAM SPECIFIC OUTCOMES (PSOs)

PSO1:

Graduates will be able to analyze, design and develop solutions for real-time challenges, facilitating the creation of quality products in the Electronics and Communication industry.

PSO2:

Graduates will exhibit resilience in embracing emerging technologies, nurturing innovation in Signal Processing, Communication Systems, Embedded Systems, IoT, Networking, and VLSI to address contemporary demands.
