- Grievance Redressal mechanism for Faculty, staff and students:

Policy document: <http://hicet.ac.in/aqar/Policy%20Documents/HiCET-Grievance-Redressal-Policy.pdf>

The management of the college follows an open system of administration and grievances from staff and students are given the utmost attention. Complaints and suggestion boxes are kept at a number of places in the campus and also in the hostels. The suggestions and complaints are carefully looked into and remedial measures undertaken. Responses are also publicized through notice boards. In case of indiscipline, a committee appointed by the principal enquires into the matter by calling witnesses and recommendations are made about the action to be taken by the management. Grievances regarding the staff in terms of salary, promotions etc., are carefully looked into by the HR department in consultation with the Principal and remedial measures taken. Class Committee meetings are held in which grievances of students are taken note of and remedial measures taken. A student welfare officer looks into the welfare of the students and advises the management for necessary action.

10. Admission

- Number of seats sanctioned with the year of approval
<https://hicet.ac.in/Programs-offered-at-hicet.pdf>

11. Admission Procedure

- Mention the admission test being followed, name and address of the Test Agency/State Admission Authorities and its URL (website)

- UG- <https://www.tneaonline.org/>
- PG- <https://tancet.annauniv.edu/tancet/index.html> (TANCET/CEETA)

Calendar for admission against Management/Vacant seats:

- Last date of request for applications-15-Nov-22
- Last date of submission of applications -15-Nov-22
- Dates for announcing final results -01-Dec-22
- Release of admission list (main list and waiting list shall be announced on the same day) -01-Dec-22
- Date for acceptance by the candidate (time given shall in no case be less than 15 days)-15-Dec-22
- Last date for closing of admission-15-Dec-22
- Starting of the Academic session-15-Dec-22
- The waiting list shall be activated only on the expiry of date of main list.
- The policy of refund of the Fee, in case of withdrawal, shall be clearly notified.

Except initial processing fee (Rs 1000) remaining fee will be refunded within 2-4 weeks from the refund applied date.

12. Criteria and Weightages for Admission

- Describe each criterion with its respective Weightages i.e. Admission Test, marks in qualifying examination etc (Maths- 35, Physics- 35, Chemistry -35, Minimum Cut Off is 80 marks).
- Mention the minimum Level of acceptance, if any-80 cut off marks
- Mention the cut-off Levels of percentage and percentile score of the candidates in the admission test for the last three years: Merit list prepared by consortium admission has been provided as per the TNSF guidelines.

13. Information of Infrastructure and Other Resources Available

- Number of Class Rooms & Tutorial Hall and size of each- 120 & 11021 Sq.m.
- Number of Laboratories and size of each- 108 & 18840.44 Sq.m.
- Number of Seminar Halls with area of each-9 & 1781 Sq.m.
- Number of Auditoriums with area of each- 2 & 1226 Sq.m.
- Number of Amphitheater with area of each- 1 & 464 Sq.m.
- Number of Staff Room with area of each- 20 & 1858 Sq.m.
- Number of Center of Excellence with area of each- 12 & 1809 Sq.m.
- Barrier Free Built Environment for disabled and elderly persons(Lift, Ramp)- Available

- Principal Office, Administrative Office, COE Office, IQAC Office, Office of Student Affairs, Office of R &D, Office of Academic Affairs, Placement & Training Division, IPR Nodal Center, EDC, Media Center - Available
- Hostel Facilities for boys and Girls, Canteen, ATM, Gym, Sports Facilities, Yoga Center, Bus Shed, Staff Quarters, Power House, Stationary Shop, Guest House, Bank Extension, Clubs, Maintenance Workhouse, Sewage Treatment Plant, Amenities Center, Parking, Security Office - Available.

List of facilities available

- Games and Sports Facilities
- The college has 10 acres of playground with 200 m track for athletic events to house the sports and games. The Department of Physical Education is headed by a Physical Director assisted by Assistant Physical Directors. The Department has enough facilities to support both indoor and outdoor games for the students to practice and to conduct intra-collegiate and inter-collegiate tournament. The students organize tournaments, which give them good opportunity to enhance their leadership and managerial skills. The sports activities are held throughout the year between 7.30 am and 7.30 pm. A well spaced indoor stadium is available with 93 m² for playing indoor sports like Table Tennis, Carrom, Chess etc. In addition, the institute has outdoor playgrounds, play-courts for cricket, basketball court, football, tennis, shuttle court, volleyball, kabaddi and ball badminton. The students have showcased their achievements in sports and games.

- Extra-Curricular Activities
- Hindusthan College of Engineering and Technology has several clubs that assist students in pursuing their avocation and interests. Clubs enable students to collaborate easily and come up with innovations and creativeness. The objectives of the clubs

facilitate students to realize their uniqueness, passion, and their aspirations. It helps them to transpire from their comfort zone and involves them together to strengthen themselves in various fields. Co-ordinators of the various clubs promote students to participate in all the activities to enrich student's college experience. Numerous clubs are functioning in the college.

- Soft Skill Development Facilities
- Soft skills training is training that focuses on the development of abilities such as communication, teamwork and problem solving as opposed to hard skills which focus on an employee's technical ability. Other soft skills include emotional intelligence, a positive attitude and taking the initiative. Our placement team supports the students to enhance their soft skills via training.

18. Best Practices adopted, if any

1. Value Added Courses:

We intend to equip students to become expert in upcoming technology. Majority of the departments have been conducting value added courses in their respective domains. Value added courses are now considered to be primary importance for students' learning outcome. These courses help or aid students in their employability and their skill-oriented profession. Value added courses are introduced in the extracurricular domains in our course structure and we insist upon all students to undergo the courses compulsorily. It gives awareness for inter planer training, implant training and placement.

Formulation of value-added courses is done by the chairman of the Board of Studies in consultation with the members of the Board of Studies in the respective departments. While formulating the courses the faculty team takes into consideration the longevity of the specific courses. They also look into the availability of the course trainers and the logistical arrangements.

Value added courses offered by various departments are as follows:

1. Aeronautical Engineering Department

1. Mesh tools for industrial application
2. CATIA Industrial Application.

2. Agricultural Engineering Department
 1. Testing and Evaluation of Agricultural Machinery and Equipment
3. Automobile Engineering Department
 1. Automotive Vehicle Fault Diagnostics
4. Biomedical Engineering Department
 1. Java and Lab view GUI Programming with Real-time Application.
 2. Innovation in biosensor applications using Lab VIEW
5. Chemical Engineering
 1. Bulk solid handling for chemical engineers
6. Civil Engineering Department
 1. Autodesk Revit Architecture.
7. Computer Science Engineering
 1. Computer Hardware and Networking
 2. Database Using SQL.
8. Electronics and Communication Engineering
 1. Arduino & Raspberry Pi
9. Electronics and instrumentation Engineering
 1. Object Oriented Programming Using JAVA
10. Electrical and Electronics Engineering Department
 1. Lab view programming.
11. Food Technology
 1. Food product Development
12. Information Technology Department
 1. Database Using SQL, Computer Hardware and Networking and Android
 2. Development with Kotlin, the Complete REACT Native
13. Mechanical Engineering Department
 1. Introduction to MS office
 2. Computational fluid dynamics.

All the courses conducted under value added courses are skill oriented and all the courses are most important in the context of employability, skill development and serving as stepping stones for the institution and entrepreneurship journey.

2. Peer Group Committee Meeting

The institute has launched a new peer group committee meeting for its students. These meetings take place on all weekends (Saturday) to ensure that HICET students have an excellent academic learning environment. The student members count 6-10 of all categories such as average, weak, and good in academic, hostel, day-scholars, other states along with Dean-academics, class advisor and all subject handling faculty members of the current semester are the members of the group. The attendees provide detailed feedback so that everyone receives individual attention. The diverse categories of group members allow for 360-degree monitoring of students' academic engagement. Students receive guidance, support, and encouragement from their experienced faculty members at each meeting, intending to develop academic competence and value education. Regularly, the meeting

discusses student attendance, timetable, syllabus coverage, understanding ability, and other class-related activities, while also providing information on policies and procedures that are aligned with the expected learning outcomes. The report is regularly submitted to the Dean's office after its review and approval from the Head of the Department. It helps to build a strong relationship between their work and their course expectations. Thus, critical and motivating feedback boosts productivity, overall knowledge retention, and overall quality in both faculty and students at HICET.

3. Course Information Sheet

The curriculum at Hindusthan College of Engineering and Technology is designed in such a way that students are trained in the most recent technological developments, preparing them for employment in the industry. The institution has successfully implemented Outcome Based Education (OBE). The primary goal of every course is to establish rapport with students. Prior to the start of the course, a carefully facilitated Course Information Sheet (CIS) is prepared. The sheet is divided into twenty-three points, which are as follows: (1) Academic Year, (2) Name of faculty, (3) Department, (4) Programme, (5) Class and semester, (6) Course code and title, (7) Regulations, (8) Core / Elective, (9) Contact hours, (10) Type of course, (11) Number of credits, (12) Course pre-requisites, (13) Course learning objectives, (14) Expected outcome of the course, (15) Course Syllabus, (16) Course Materials, (17) Course plan, (18) Weightage of unit contents, (19) Mapping syllabus with Bloom's Taxonomy LOT and HOT, (20) Mapping course outcome with Bloom's Taxonomy LOT and HOT, (21) Mapping Course outcome with graduate attributes, (22) Mapping with programme educational objectives, and (23) Course assessment methods. The major consideration in the CIS is that the weightage for each unit's contents is analyzed using factors such as i) the number of periods allotted for teaching, ii) the usefulness of the content concerning student employment, and iii) the usefulness of the content in understanding other units of the same subject and other subjects prescribed for the programme. If useful, the weightage is set to 1; otherwise, it is set to 0. Faculty members must obtain approval for their Course Information Sheet from the Head of the Department, Dean- Academics, and Principal as early as possible before the start of classes. Throughout the semester, faculty members adhere to the CIS to be actively involved in the teaching process and to engage individual students in the course.

4. Dynamic SAE Professional Club

The institution's goal is to encourage students' talent and sharpen their leadership, teamwork, and management abilities. This can be accomplished by offering opportunities to participate in outside events, organizing events, special workshops, and so on. HICET has a dynamic SAE Professional Membership Club that promotes professional growth by giving members access to leadership and career-building opportunities. Our faculty members serve as chairman and treasurer for the SAE-ISS Coimbatore division. Students have access to the most up-to-date technological resources. From 2014 to 2019, the institute SAE club received 49 awards totaling Rs. 5, 15,000/- in cash. The major awards are the Best Acceleration Award, the Endurance Award, the Best Innovation Award, the Best Acceleration Award, the RSTE Visionary Award, the Dronacharya Award, and so on. Every year, the institution contributes to the professional development of faculty and students on registration, vehicle construction, travel, and lodging. The club focuses on connecting with the best in the industry

and developing a peer network among SAE members. Every year, the institution hosts an SAE “Student Convention Programme” and a “Heavy Terrain Vehicle Competition” in which national-level students compete. The institute also organizes the “SAUR URJA Vehicle Challenge”, a national-level solar electric vehicle design competition sponsored by the Refrangible Society. HICET hosted Tier event of Coimbatore Division National Level Student Convention in AY 2022-23 successfully.
