ABOUT SCIENCE AND HUMANITIES DEPARTMENT

The Department of Science and Humanities started functioning from the very inception of the institution. It aims at providing competitive quality education and support the students to set basic intense foundation in all the branches of Engineering. It is a multidisciplinary department and started functioning in the year 2000 with a team of dedicated faculty members who have been actively engaged in imparting quality teaching of the courses in basic science and humanities for graduating engineering students. The core courses offered being Physics, Chemistry, Mathematics, English and Environmental science. All the disciplines in the department exist as a separate division and maintain individual identity. Besides OUTCOME BASED EDUCATION, the department inculcates VALUE BASED EDUCATION. Developing the moral behavior among the students, utilizing the human resources and co-ordinating academic responsibilities are the exclusive potentials of the department. The department has spacious and best equipped laboratories in, Physics, Chemistry and English. The department aims to transfer the younger generation into responsible citizens and aspires to lead the budding engineers towards the path of success.

Dr. K. P. Uma
Prof & Head
Science and Humanities Department

It seeks to sustain and enhance excellence in an institution of higher learning of technology. It is committed to produce competent graduates with the suitable skills required for industry and market place adding to provide better communication skills and societal obligations. To expose the students to the latest trends in relevant subjects, the department organizes a series of guest lectures every academic year. To keep abreast with the latest demands of the industry the department strives to impart various skills like communication skills, technical skills, soft skills and essential life skills to the young aspirants of the institution. The department is committed to provide innovative and high quality instruction that empowers students to become confident in facing personal and professional life challenges.

ORIENTATION PROGRAMME FOR FIRST YEAR STUDENTS

The orientation programme for first year students was conducted on August 5th, with the strength of more than thousand students. The occasion was graced by the presence of our secretary Tmt. Saraswathi Kannaiyan and joint secretary Mrs. Priya Sathish. The programme was started blissfully with lightening of lamp.

When our Secretary was addressing the gathering, she assured the parents that she would look after their wards as her own children. The principal introduced the Head of various Departments to first year students and he briefed the facilities available in the campus and appealed to the students to make use of them appropriately.

The Advisor Dr. S. Annadurai welcomed all first year students and advised them to follow the rules and regulations of this college, and instructed them to understand their values and responsibilities.

The Dean Academics Dr. P. N. Magudeeswaran delivered vote of thanks.

SCIENCE DAY CELEBRATION

The Department of Science and Humanities conducted Science Day Celebrations (Vihara Elements 2019) on 14/03/2019. Science Day is celebrated to commemorate discovery of the 'Raman Effect', which led to Indian Scientist Sir Chandrasekhara Venkata Raman or CV Raman. In order to motivate the students to excel their talents in the field of Science, it has been conducted every year by the department of Science and Humanities. Students got an opportunity to show their science models and technologies where the best one was rewarded. More than 500 students participated in the fair, the management, Principal and authorities appreciated the student's calibre. Best models were awarded with cash prize. The programme was inaugurated by our eminent Advisor Dr. S. Annadurai. All the faculty members, Hods and students of various departments were invited to attend the programme. The Head of the Department of Science and Humanities welcomed all the gathering and delivered a speech on importance of celebrating Science Day and she thanked the students for their performance and participation in the event.

Dr. S. Balamurali Dept. of Physics coordinator of the programme delivered vote of thanks. The science day is being celebrated with great enthusiasm and passion by the students. The programme was successful with the hardwork of students' volunteers, team members as well as students and faculty community. It was a real platform for the students to make their career bright in the scientific profession.

WOMENS DAY (THINK EQUAL, BUILD SMART, INNOVATE FOR CHANGE)

As per the quote, International Women's Day was celebrated on 8th March of 2019. As a part of this management and faculties from various departments shared their views and wishes to all the women faculty and girl students of the college. In order to cherish the day, a special guest lecture was given by Dr. R. Radhika, Senior Assistant Professor at Coimbatore Medical College.

A woman is a symbol of love God's finest and beautiful creation this is what we celebrate women's day each and every year. In order to motivate and create awareness among all girl students we celebrate this day on March 8th every year.

The programme began with an invocation-seeking God's blessings through a prayer song. The Head of Department of Science and Humanities welcomed all the girl students and faculty members from various departments. Our Principal Dr. K. Kannadasan felicitated all the female community on the day and he highlighted the importance of women. Dr. S. Annadurai, our advisor felicitated all the girl students and lady faculty members on this special occasion.

Dr. R. Radhika, Senior Assistant Professor at Coimbatore Medical College was invited as chief guest for this programme. In her address she appreciated and motivated the girl students. She highlighted the qualities of women and advised the girl students to know their moral values and their health.

Vote of Thanks was delivered by Prof. A. Narmadha dept. of Mathematics.

The department of science and humanities with alliance of TVS conducted a one day placement training awareness programme for all first year students to know the values of job opportunities in present scenario. In order to create awareness even in the first year onwards, this training programme was organized by the company.

FIELDTRIP WITH STUDENTS

A fieldtrip for students has been arranged by the faculty members and HOD of Science and Humanities department to Isha Yoga center, Coimbatore.
