

October 05, 2018

Constitution of
UAV CLUB:-

Chairman

Principal

Member Secretary / Coordinator

Saravana Kumar V, AP/AERO

Members (Teachers)

1. Veeramanikandan R, AP/AERO
2. Arunraja K.K, AP/AERO

Members (Students)

60 students of Aeronautical Engineering Department are part of UAV Club.

Objectives

1. HICET UAV Club aims to train the students from HICET in design, assembly, simulation and flying of different UAV models, which make every student specialize in the area of Unmanned Aerial Systems, which will provide them additional carrier opportunities.
2. As a part of creating awareness and to improve club members Leadership skills we have planned to organize Awareness program and workshops for schools and polytechnic college students in their Campus.

Activities

1. Training in Fixed wing UAV (Design, Development and Flying)
2. Training in Rotary wing models (Quadcopter, Hexacopter, Octocopter) - Design, Development and Flying
3. Outreach activities
4. Revenue generation through different activities (like: Drone Photography, Drone videography, Drone workshops, Developing Drones for various applications)

Meeting

Twice in a Semester
