Objectives

1. To bring together students interested in data science to focus on Techniques and Methods in Data Analytics.
2. To offer students a platform to learn, shape and bridge them together with industry experts as well as allowing them to engage in hands-on and interdisciplinary projects
3. To discuss on best practices in the use of Data Analytics.

Activities

1. Analytics Summit will be conducted to deliver keynote lectures by Industrial Experts on the latest trending topics in the field of IT and Analytics
2. Organize peer learning sessions on Python or R to assist students in the field of IT & Analytics
3. Organize Technical Trainings related to R, Python, Tableau and Machine Learning
4. Conduct Hackathons related to Data Analytics.

Meeting

Once in a Semester
